

Clinical Logbook

Certificate in Fluoride Varnish Application — DNT

Learner name	
GDC number	
Supervisor name	
Supervisor GDC number	

Instructions

Complete one log entry for each supervised fluoride varnish application. Your supervisor must be present throughout and sign off each entry on the day. Do not complete entries retrospectively. Once all 10 entries are complete, upload this logbook to the Practical Portfolio section of your course dashboard.

Application 1 of 10	
Date of application	
Patient age	
Patient category	<i>Child / Adult (circle)</i>
Caries risk level	<i>Low / Medium / High (circle)</i>
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	
Competency Checklist	
<i>Satisfactory / Needs development</i>	Pre-application intra-oral assessment completed
<i>Satisfactory / Needs development</i>	Consent obtained and documented
<i>Satisfactory / Needs development</i>	Correct product selected
<i>Satisfactory / Needs development</i>	Isolation and drying technique
<i>Satisfactory / Needs development</i>	Application technique — systematic and thorough
<i>Satisfactory / Needs development</i>	Aftercare advice given
<i>Satisfactory / Needs development</i>	Records completed contemporaneously
<i>Satisfactory / Needs development</i>	IPC standards maintained throughout

Supervisor comments:

Supervisor name: _____ Supervisor signature: _____

Supervisor GDC number: _____ Date: _____

Learner reflection (what went well, challenges, what you would do differently):

Application 2 of 10	
Date of application	
Patient age	
Patient category	<i>Child / Adult (circle)</i>
Caries risk level	<i>Low / Medium / High (circle)</i>
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	
Competency Checklist	
<i>Satisfactory / Needs development</i>	Pre-application intra-oral assessment completed
<i>Satisfactory / Needs development</i>	Consent obtained and documented
<i>Satisfactory / Needs development</i>	Correct product selected
<i>Satisfactory / Needs development</i>	Isolation and drying technique
<i>Satisfactory / Needs development</i>	Application technique — systematic and thorough
<i>Satisfactory / Needs development</i>	Aftercare advice given
<i>Satisfactory / Needs development</i>	Records completed contemporaneously
<i>Satisfactory / Needs development</i>	IPC standards maintained throughout

Learner reflection (what went well, challenges, what you would do differently):

Application 4 of 10

Date of application	
Patient age	
Patient category	<i>Child / Adult (circle)</i>
Caries risk level	<i>Low / Medium / High (circle)</i>
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	

Competency Checklist

<i>Satisfactory / Needs development</i>	Pre-application intra-oral assessment completed
<i>Satisfactory / Needs development</i>	Consent obtained and documented
<i>Satisfactory / Needs development</i>	Correct product selected
<i>Satisfactory / Needs development</i>	Isolation and drying technique
<i>Satisfactory / Needs development</i>	Application technique — systematic and thorough
<i>Satisfactory / Needs development</i>	Aftercare advice given
<i>Satisfactory / Needs development</i>	Records completed contemporaneously
<i>Satisfactory / Needs development</i>	IPC standards maintained throughout

Supervisor comments:

Supervisor name: _____ Supervisor signature: _____

Supervisor GDC number: _____ Date: _____

Learner reflection (what went well, challenges, what you would do differently):

Application 5 of 10	
Date of application	
Patient age	
Patient category	Child / Adult (circle)
Caries risk level	Low / Medium / High (circle)
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	
Competency Checklist	
Satisfactory / Needs development	Pre-application intra-oral assessment completed
Satisfactory / Needs development	Consent obtained and documented
Satisfactory / Needs development	Correct product selected
Satisfactory / Needs development	Isolation and drying technique
Satisfactory / Needs development	Application technique — systematic and thorough
Satisfactory / Needs development	Aftercare advice given
Satisfactory / Needs development	Records completed contemporaneously
Satisfactory / Needs development	IPC standards maintained throughout

Supervisor comments:

Supervisor name: _____ Supervisor signature: _____

Supervisor GDC number: _____ Date: _____

Learner reflection (what went well, challenges, what you would do differently):

Application 6 of 10

Date of application	
Patient age	
Patient category	<i>Child / Adult (circle)</i>
Caries risk level	<i>Low / Medium / High (circle)</i>
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	

Competency Checklist

<i>Satisfactory / Needs development</i>	Pre-application intra-oral assessment completed
<i>Satisfactory / Needs development</i>	Consent obtained and documented
<i>Satisfactory / Needs development</i>	Correct product selected
<i>Satisfactory / Needs development</i>	Isolation and drying technique
<i>Satisfactory / Needs development</i>	Application technique — systematic and thorough
<i>Satisfactory / Needs development</i>	Aftercare advice given
<i>Satisfactory / Needs development</i>	Records completed contemporaneously
<i>Satisfactory / Needs development</i>	IPC standards maintained throughout

Supervisor comments:

Supervisor GDC number: _____ Date: _____

Learner reflection (what went well, challenges, what you would do differently):

Application 7 of 10

Date of application	
Patient age	
Patient category	Child / Adult (circle)
Caries risk level	Low / Medium / High (circle)
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	

Competency Checklist	
Satisfactory / Needs development	Pre-application intra-oral assessment completed
Satisfactory / Needs development	Consent obtained and documented
Satisfactory / Needs development	Correct product selected
Satisfactory / Needs development	Isolation and drying technique
Satisfactory / Needs development	Application technique — systematic and thorough
Satisfactory / Needs development	Aftercare advice given
Satisfactory / Needs development	Records completed contemporaneously
Satisfactory / Needs development	IPC standards maintained throughout

Supervisor comments:

Supervisor name: _____ Supervisor signature: _____

Supervisor GDC number: _____ Date: _____

Learner reflection (what went well, challenges, what you would do differently):

Application 8 of 10

Date of application	
Patient age	
Patient category	<i>Child / Adult (circle)</i>
Caries risk level	<i>Low / Medium / High (circle)</i>
Type of fluoride varnish used	
Concentration (ppm)	
Confirmation of prescription / direction	
Any relevant medical considerations	
Competency Checklist	
<i>Satisfactory / Needs development</i>	Pre-application intra-oral assessment completed
<i>Satisfactory / Needs development</i>	Consent obtained and documented
<i>Satisfactory / Needs development</i>	Correct product selected
<i>Satisfactory / Needs development</i>	Isolation and drying technique
<i>Satisfactory / Needs development</i>	Application technique — systematic and thorough
<i>Satisfactory / Needs development</i>	Aftercare advice given
<i>Satisfactory / Needs development</i>	Records completed contemporaneously
<i>Satisfactory / Needs development</i>	IPC standards maintained throughout

Summary Declaration

To be completed once all 10 entries have been signed off by your supervisor.

Total entries completed	/ 10
Date of first application	
Date of final application	

Supervisor declaration: I confirm I have directly observed the above learner completing all applications recorded in this logbook and am satisfied they have demonstrated the required clinical competence.

Supervisor signature: _____ Date: _____

Learner declaration: I confirm all entries are an accurate and honest record of my own clinical practice.

Learner signature: _____ Date: _____
